Dear Examiner Elabee,

Applicant is appreciative of the interview to be granted to Applicant's attorney on July 6, 2005 at 8:00 a.m. PST. The purpose of the interview is to discuss the final rejection of the above-identified Application to enable Applicant's attorney to advise Applicant with respect to the further prosecution of the Application.

Specifically, Applicant's attorney is interested in ascertaining whether and to what extent the addition of limitations to the claims to clarify that it is a 'geographical location' of a particular station to which each storage frequency corresponds, will change the Examiner's view with respect to the allowability of the claims.

The Examiner's consideration and cooperation in this connection is much appreciated.

Sincerely,

William J. Benman
